

## ***Spartan One-to-World Initiative 2020-21***

*The mission of the Spartan One-to-World Initiative is to provide access to technology for all of our students that expands the limits of learning within our classroom walls and to the world beyond.*

The Spartan One-to-World Initiative provides the opportunity for all of our students in grades K-12 at Valley View Local Schools to obtain a Chromebook from the school district. Due to Covid, we will be postponing the full rollout of the program until the 2021-2022 school year.

### **For the 2020-2021 school year there are two options available for families:**

**1)** Students may rent a Chromebook with a protective case for \$30. These will be handed out the first day each student attends school. For families who are choosing the alternate online option, Chromebooks can be picked up during designated times prior to the start of school. Any students eligible for free or reduced lunch can receive a Chromebook to use at no cost. As soon as the appropriate paperwork is received and approved, the technology fee will be deleted from student fees. For families with multiple students, there is a \$120 cap on technology fees. Rented Chromebooks and cases will be returned to the school at the end of the year.

**2)** Students may choose to use their own *approved* device. Families choosing to use their own device(s) should have 1 device for each student. Device verification and registration will occur at designated times prior to the start of school. Any student who does not have a device registered prior to the first day of school will receive a chromebook on the first day they attend classes. Personal devices must meet the following general requirements:

#### **Minimum Operating Systems**

Chrome OS 80 or higher, Windows 8 and higher, MacOS 10.11 and higher

#### **Minimum Hardware Requirements**

Wireless network adapter must support 802.11n, 802.11ac, 802.11ax or newer, Intel Pentium 4 processor or newer that is SSE2 capable, 4 GB RAM or higher, 20 GB or larger hard drive

**Smartphones and tablets are not considered to be an approved student device.**
